

**Cleans Rust/Oxides Away
Quickly - Thoroughly - Safely**

B-P METAL CLEANER'S unique action attracts only the oxides. Won't harm the metal and is safe. Won't harm normal skin or damage clothing.

B-P METAL CLEANER washes away rust, heat scale and oxides from any ferrous or non-ferrous metal. It is an efficient cleaner for heat-treated parts, industrial tools and equipment.

B-P METAL CLEANER will not harm fabric, wood, rubber or plastics. Non-flammable and virtually odorless.

***Except zinc and calcium, such as galvanized steel which require careful control**

DIRECTIONS:

B-P LIQUID can be diluted by adding up to 20 parts water to 1 part METAL CLEANER.

Place article(s) in solution and soak until rust or oxide disappears. Time required varies with conditions. Heavily rusted items may require up to 48 hours. For faster action warm solution to 160°F. Remove from solution, rinse thoroughly, dry. It is ready for paint or preservation processing. Replace mixture lost through evaporation by adding water. Mixture is exhausted when it turns black.
